TULE VISTA

Tule Vista Homes stands out as a model for affordable development that transforms lives. Located in Tulare, this affordable community includes 57 rent-to-own single-family homes located on a 7.06 acre subdivision. The homes are oriented throughout the property with intent to create a community atmosphere, including walking paths, picnic areas, a playground for children and in close proximity to Mulcahy and Roosevelt schools as well as public transportation.

Tule Vista was partially financed using Low Income Housing Tax Credits.

FEDERAL and STATE

INVESTMENT are ESSENTIAL

California's long-standing housing crisis

demands a comprehensive and sustainable plan to increase the supply of housing affordable to families struggling to get by. Increasing the supply of housing will not only stabilize families, it will create jobs and make California competitive again.

The Housing Affordability Crisis is Solvable

Lives have already been positively changed in your district by affordable developments. Everyone talks about California's high cost of housing—this is the moment bold leaders like you can support bold solutions to do something about it.

Use your legislative power to invest significant state investment in housing to lift more of your constituents out of poverty and create a meaningful legacy you can be proud of.

Close the Gap

Developers have to pull together

a complicated array of public and private funding sources to build affordable apartments. But, massive state and federal disinvestment in housing has left a huge and growing gap, making affordable home development less feasible.
