

THERE'S NO PLACE LIKE HOME

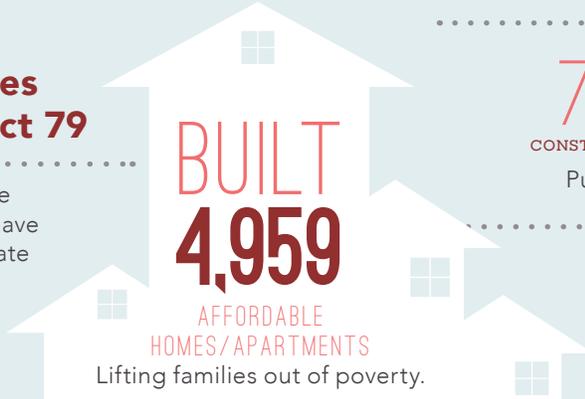

..... in the

79TH ASSEMBLY DISTRICT

Home is the foundation for life. All success begins with having an affordable place to live.

Transforming Lives in Assembly District 79

Since 1986, affordable-home developers in your district have worked through public-private partnerships and:

CREATED

Putting constituents back to work.

GENERATED

in ANNUAL ECONOMIC ACTIVITY
Boosting the local economy.

ARBOR VILLAGE

Arbor Village stands out as a model for affordable development that transforms lives. Located in the Lincoln Heights area of San Diego, Arbor Village is comprised of 112 family homes spread across 13 garden style buildings with spacious courtyards. The property is conveniently located within a quarter mile of a bus stop, public park, grocery store, and schools. The community center houses the LINC Cares resident services including an after-school program and is the new heart of this transformed community.

This project was partially financed using Low Income Housing Tax Credits.

FEDERAL and STATE

INVESTMENT *are* ESSENTIAL

California's long-standing housing crisis

demands a comprehensive and sustainable plan to increase the supply of housing affordable to families struggling to get by. Increasing the supply of housing will not only stabilize families, it will create jobs and make California competitive again.

The Housing Affordability Crisis is Solvable

Lives have already been positively changed in your district by affordable developments. Everyone talks about California's high cost of housing—this is the moment bold leaders like you can support bold solutions to do something about it.

Use your legislative power to invest significant state investment in housing to lift more of your constituents out of poverty and create a meaningful legacy you can be proud of.

Close the Gap

Developers have to pull together

a complicated array of public and private funding sources to build affordable apartments. But, massive state and federal disinvestment in housing has left a huge and growing gap, making affordable home development less feasible.
